best secret for buying frybaskets!

www.frybasket.com

Frybasket.com is excited to introduce the E-Z Grip frybasket which is the Industry's newest frybasket improvement in over 40 years.

- *1. The handle is an ergonomically safer design which allows the user to have a "squeezing" action when handling the frybasket. This reduces the risk of the basket slipping out of the users' hands.
- **2. The corner bumpers protect the mesh on all 4 corners from the frequent "banging" on fry stations.
- ***3. The double hook wire prevents the hook from breaking off.
- 4. All baskets have a two year warranty under normal use.
- 5. All the above adds up to longer lives for the frybaskets, resulting in fewer replacements and cost savings.

Frybaskets.com also has ready-to-ship stock of 25 of the most popular frybasket models/dimensions. All baskets are available with your choice of 9 vinyl handle colors.
