

ABILITIES OVER DISABILITIES

Park Lawn is a local non-profit organization that provides programs for individuals with developmental disabilities. More than 300 individuals benefit from our services. Over the years, Park Lawn has expanded its programs to meet the evolving needs of individuals with developmental disabilities. Because of these initiatives, we have had the opportunity to see **individuals flourish in a positive environment** and become more independent.

Having a disability does not limit one's ability to hold a job in the community, live independently or receive a quality education. We understand the value of investing in the future of individuals enrolled in our programs. It gives them the skills they need to lead productive lives. Providing training and guidance helps program participants perform tasks such as janitorial and maintenance skills, product assembly and office work. This gives them the satisfaction of knowing they are contributing back to their community, earning a paycheck and providing a valued service to their employer.

As **people with developmental disabilities age**, their skills and abilities to perform work and daily living tasks decreases. This requires more time and energy from direct care staff to help them preserve and maintain their abilities.

On behalf of the program participants at Park Lawn, I am seeking your help by asking for a cash donation, a contribution of merchandise, or gift certificates. Your support is important as it will assist us by employing more of our individuals to **work in the community and live independently**. Please take the time to read the enclosed brochure and visit our website. Your commitment to our mission is greatly appreciated.

Thank you!

Jonathan Perry
Park Lawn Association Board President
